EXPERIENCE

Full Stack Developer Intern

05/2023 – 09/2023

Metabees.in 🔗

- Collaborated in the design and implementation of intuitive **UI/UX** for web applications using **Figma** and various **UI libraries**.
- Built and deployed full-stack solutions, developing the frontend using **React.js** and managing the backend with **Node.js**, **Express.js**, and **MongoDB**.
- Ensured seamless deployment and hosting of applications using **Render**, **Vercel**, and **AWS** for scalable infrastructure.

Web Development Intern

12/2022 – 02/2023

TwilLearn 🔗

- Spearheaded solo projects focused on frontend development, utilizing **HTML**, **CSS**, **JavaScript**, **React.js**, and **TailwindCSS** to deliver responsive and modern web pages.
- Designed and developed user-centric web pages and websites, prioritizing performance optimization and enhancing the overall user experience.

PROJECTS

Healthee 🔗

Patient appointment management web application.

- Developed a comprehensive platform for managing patient appointments, including personal and medical details, appointment scheduling, and automated SMS notifications.
- Implemented an Admin Panel for monitoring and managing patient records and appointment statuses.
- Technologies: **Next.js**, **Appwrite**, **Twilio**, **Sentry**.

Shop Wave 🔗

Full-Featured eCommerce Web Application

- Built a complete eCommerce solution with product management, user authentication, and secure payment integration via PayPal.
- Integrated an Admin Dashboard for inventory management, order tracking, and user analytics.
- Implemented PayPal Sandbox for secure and reliable payment transactions.
- Technologies: **MongoDB**, **Express**, **React**, **Node.js**, **Redux**, **React-Bootstrap**, **PayPal API**.

House Marketplace 🔗

Real Estate Web Application

- Developed a real estate marketplace allowing users to buy, rent, and sell properties. Implemented a listing management system, where users can create, edit, and delete property listings.
- Designed the UI using **React.js** and **Tailwind CSS**, ensuring seamless responsiveness across devices.
- Technologies: **React.js**, **Firebase**, **Tailwind CSS**, **Leaflet** for interactive maps.
